STEEL OUT-SWING EXTERIOR DOOR

The sleek design of this Out-Swing door is a great look for Manufactured, Modular or Residential construction. Its heavy duty steel frame offers more safety and security than standard Doors. Available in Left and Right Hand. This Door meets or exceeds AAMA Standards.

- White vinyl laminated galvanized 24 gauge steel attached to a heavy duty extruded frame resists rust and corrosion.
- Folded steel edge sealed with weather stripping to protect against air, light and water penetration.
- 1 3/8" thick with energy-efficient polystyrene core provides long-lasting insulation to help lower heating and cooling costs.
- Reinforced lock area provides strength and security for door hardware.
- Pre-hung, pre-squared and pre-punched for fast and easy installation.

Go with heavy gauge aluminum storm door

- 1 1/8" Aluminum door with 1/8" safety glass
- 4 Extruded aluminium hinges
- Glass and screen are movable for easy cleaning

STORM DOOR

Mcmason storm door adds a layer of protection from the elements during inclement weather and helps keep heat inside during the winter months and cooled air inside in the summer. We researched & Developed dozens of storm doors, evaluating ease of installation, quality of materials, and versatility. Our best overall pick is the one, which comes preassembled and is incredibly sturdy thanks to a thick aluminum frame and thermally tempered safety glass.

- Heavy gauge all aluminum construction.
- 1/8" thick tempered safety glass and durable nylon screen.
- Glass and screen are removable for easy cleaning.
- Four replaceable extruded aluminum hinges.
- Pre-hung and pre-squared with pre-punched frame for fast and easy installation.
